Art Unit: 3662

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 5-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Throughout claims 5, 6, 7, and 8 as newly-amended, it is unclear what is meant in general by an antenna per se having a "range." Throughout these claims the following are indefinite and unclear in context: "range"; "narrower and longer range"; "shorter range"; "long range"; "short range"; and "range longer than the short range."

Throughout claims 5-10, the uses of the relative terms "long," "short," "longer," "shorter," and "narrower" are indefinite and unclear in context in that it can not be readily ascertained what ranges of measurements are meant by these relative terms. For example, what range of measurements is "short"? What range of measurements is "long"?

Dependent claim 6 is unclear at least in that it depends from unclear independent claim 5.

Dependent claim 9 is unclear at least in that it depends from unclear independent claim 7.

Dependent claim 10 is unclear at least in that it depends from unclear independent claim 8.

Art Unit: 3662

3. Claims 5, 7, and 8 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

4. Claims 6, 9, and 10 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bernarr E. Gregory whose telephone number is (571)
